

Second Annual AGree Partners Forum: *Driving Positive Change in Food & Agriculture*

November 4, 2015

Kellogg Conference Hotel, Gallaudet University, 800 Florida Avenue NE, Washington, DC

Agenda

Meeting Objectives

Since our launch in 2011, we have developed diverse [consensus recommendations](#) on a range of critical issues facing the food and agriculture system. AGree is now focused on working with partners to put the wheels of change in motion. The Second Annual AGree Partners Forum is an opportunity to calibrate and focus our collective efforts on the positive changes that are needed to ensure success throughout the food and agriculture system. Specifically, the objectives of the forum are to:

- Take stock of food and agriculture's progress since AGree's beginnings and assess current and future challenges and opportunities;
- Hear from diverse leaders about how they are tackling challenges and driving positive change that is aligned with AGree's vision for the food and agriculture system; and,
- Identify priority actions and consider new opportunities for collective action that can be supported by AGree's platform for change.
